

Why Choose Us

Delivering smart and reliable automation

We aim to be leading engineering firm recognized
delivering for innovation automation solution to
empower industries to smarter and safer operation

IO LINK:

BALLUF
OMRON
Turck
Murr Electronic
Bihl Wiedemann

Electrical Drives:

Siemens (G120-G130-G150)
ABB(ACS150-ACS850-ACSM1-ACS310-ACS550-01-
ACS800-ACS880-ACS580-DCS400-DCS550-DCS800
Yaskawa (Z1000-V1000)
Schneider Avtir ATV320
Schneider Avtir ATV340

Servo Drives:

Siemens (S110-S120) - S150-SIMOTION

Instrumentations:

Temperature sensors and transmitters,
Pressure sensors and transmitters
Load cells
Level Sensors, switches, and transmitters.
Flow meters

RTU(Remote Terminal unit)

Siemens

PLCs(Programable Logic Controllers:

Siemens(S7300-S7400-S71200-S71500)
ABB(AC500)
Omron (NJ Family, CJ family)
Schneider
Turck
Wago
Delta

HMIs(Human Machine interface)

Siemens HMIs (Basic panels, Comfort panels)
ABB HMIs
OMRON HMIs
Turck
Wago
Delta

Industry 4.0 services:

Smart alarm of periodic maintenance
Machine learning

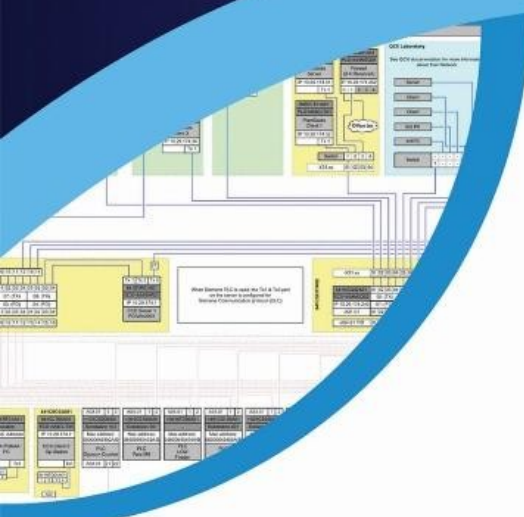

SCADA(Supervisory Control and Data Acquisition:

WINCC OA (Open Architecture)
WINCC Explorer
ECS(Expert Control System)
Wonderware
Spectrum power 5
Reliance

Pneumatic devices:

SMC
FESTO

Computer parts

The company has all maintenance parts for office
equipment and laptops (fan -keyboard -motherboard
batteries -monitors -adaptors .etc)and installation-
of pieces on the devices.

Network & Surveillance Systems:

Meet your needs about operations of networks design,
software-utilities-tools-configuration-monitoring,
reporting).Design and coordination with all other
services and IT departments.

Software and Technical solutions:

Systemic upgrades to all network hardware and
software and easily share information between all
devices and in sophisticated ways Finding electronic
solutions to software problems.

Intelligent learning methods

The company can secure all intelligent learning
devices(smart boards, projection devices etc.),as
well as electronic school equipment and modem

Teaching methods:

Storage systems &Share data.
We can supply all data storage devices
and secure.

Cameras & Photography Equipment:

We provide all types of cameras and accessories
from all brands such as GoPro, Nikon, Canon and
Polaroid and We can provide lenses, usb flash
tripods and more that to meet every budgets

Printers & Scanners and Supplies:

We have available a wide range of types(laser
printers -Inkjet printers)with many different brands
(SAMSUNG -CANONE -EPSON -BROTHER ...)
and we provide their own supplies.

Computers & Peripherals:

The Company has all maintenance parts for office
equipment and laptops (fan-keyboard-motherboard
batteries -monitors -adaptors...etc.)And installation-
of pieces on the devices.

Supply of products:

We have a department to supply all products and meet
Needs of organizations that and companies are offered
Through tenders and ensure delivery of goods inside
Syria.

Computer support:

You can bring your equipment to our office for a fast
diagnostics and repair. Remove unwanted programs
and errors, Perform a security and vulnerability scan
diagnose and check hardware and software.
